// DR. JIM HEATH'S CAREER HIGHLIGHTS

Seattle, WA

2018- current: ISB President and Professor

2013: Co-Founded Indi Molecular

2009: Co-Founded Integrated Diagnostics

Yorktown, NY

1991-1994: Research Staff, IBM T.J. Watson Research Labs

Branford, CT

2013: Co-Founded Isoplexis

Bay Area, CA

2016: Co-Founded PactPharma

2001: Co-Founded Nanosys

1998-1991: UC Berkeley Miller Fellowship, Postdoctoral Scholar

Los Angeles Area, CA

2005-current: Director, National Institute of Cancer-funded NSB Cancer Center

2001-current: Professor of Molecular & Medical Pharmacology, UCLA Health Sciences Center

2016-2017: Co-Director, Parker Institute for Cancer Immunotherapy at UCLA

2003-2017: Elizabeth W. Gilloon Professor & Professor of Chemistry, Caltech

2008: Founded Sofie Biosciences

1994-2002: Professor **('97-'02)**, Associate Professor **('96-'97)**, Assistant Professor **('94-'96)**, UCLA

Bethesda, MD

2005-2010: Board of Scientific Advisors, National Cancer Institute

Knoxville, TN

2000-2003: Board of CTI Molecular Molecular Imaging (sold to Siemens)

Waco, TX

1984: BSc, Chemistry, Baylor University

Houston, TX

1988: PhD, MA, Chemistry, Rice University

1985: Discovered C_{60} and the Fullerenes
